

How to Connect: Apple iOS

To set up wireless on your iOS device, please follow the steps below:

1. Go to **Settings** on your iOS device

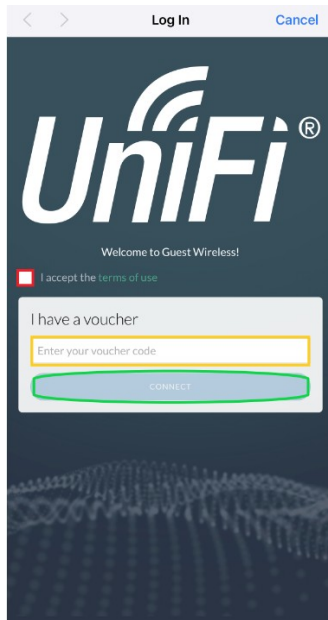

2. In Settings, tap **Wi-Fi**.

3. When near available Wi-Fi, you will see ****Wi-Fi Name****. Tap ****Wi-Fi Name****.

4. You will be re-directed to the Wi-Fi sign in page. Agree to the terms of use, enter your **voucher code** then click **Connect**.

Now you should be successfully connected to your Wi-Fi.

If you run into issues during set up, you can contact technical support at:
